

Dwarfs, Freaks Not Created by A-Bomb in Japan

HIROSHIMA, Japan (UPI) — The Hiroshima and Nagasaki atom bombs did not create dwarfs or freaks. So far, there is no evidence that they have affected the growth of children, either physically or mentally.

These opinions were concurred in by both Japanese and American doctors in Hiroshima and Nagasaki today, on the 13th anniversary of the Hiroshima A-bomb.

THEIR OBSERVATIONS were based on independent and joint scientific studies into one of the most widely feared effects of nuclear warfare today — the nightmare birth of a race of freaks.

The studies are still in progress. The results of one of the most extensive studies along this line — the biochemical assay of hormones of 1,700 children exposed to A-bomb radiation in their mothers' wombs — by the U.S.-directed Atomic Bomb Casualty Commission and an unnamed Japanese university is to be made late next year.

BUT THE SCHOLARS believe their tentative conclusions are based on sound foundations.

The timing of these investigations is especially significant because the unborn children of Hiroshima and Nagasaki are now entering puberty — that stage when children grow into adults.

"This is the period when any evidence of any change should be measured," said Dr. George Darling, director of the A.B.C.C. "It would have to be within the next year or two that this study would have to be carried out."

JAPANESE RESEARCH into the effect of radiation on school children has been concentrated chiefly in Nagasaki.

Dr. Nariyuki Izumi, director of the Nagasaki University hospital and a leading authority on children's diseases, said, "Our studies of children in Nagasaki show almost no difference among children exposed to the atom bomb and those who were not in weight, height, resistance to illness and immunity. We found it difficult to believe but that is what our studies showed."

Dr. Ichiro Hayashi, professor of Pathological anatomy at the same university, said, "There may be some individual cases of feeble-minded children and other freaks. But I found no extreme effects attributable to the atom bomb."

Dr. Darling commented, "When the results are in on our study, we may have scientific basis for a definite reply. But our studies so far agree with those of the Japanese doctors in Nagasaki. We don't expect any real difference one way or another."

Observers considered it doubtful that the observations of these scholars would have any braking effect upon the masses here at a time every year when pacifist and left wing groups concentrate upon whipping up anti-A-bomb hysteria.

Four Injured in Two-Car Accident Near Whitewater

Four persons, three of them children, were treated at Desert Hospital Sunday for minor injuries, following a two-car crash on Highway 60-70-99 at the Whitewater cutoff.

There were five adults and seven children in the two cars.

THE ACCIDENT occurred when the driver of one car, Casimir Kozol of Riverside started to make a turn onto the Whitewater road and his vehicle was struck in the rear by another automobile driven by Mrs. Roselle Davis of Anaheim.

Injured and treated at the hospital were Herbert Davis, 11, who

suffered a lacerated lip; Rosemary Davis, 14, who had a lacerated head and a tooth knocked out; Craig Kozol, 6, who was admitted to the hospital for the night for observation; and Charlotte Dunaj, 31, who received lacerations of the lip and forehead.

CHP OFFICERS who investigated the accident said that Kozol was hurt in the accident, but he was not listed as treated at Desert Hospital.

Riding in the Kozol automobile, but not injured were Edward Dunaj, 38, and four other youngsters, all of Riverside.

Boxing Matches May Be Held in Village This Fall

A possibility that Palm Springs will have boxing matches sometime in late November or December was announced to the City Council yesterday by Parks and Recreation Director Kaye Hall.

Hall reported that Palm Springs resident Dean R. Leach of 2720 Claymore Drive was seeking a state boxing promoter's license to present boxing in Palm Springs later this year.

THE PLANS CALL for four preliminary bouts and one main bout at each presentation, to be held in the Polo Grounds.

The Parks and Recreation director asked the council if it would approve use of the Polo Grounds for boxing, adding that the city would get 15 per cent of the gross receipts or a minimum of \$300.

ADMISSION WOULD be \$4 ringside, \$2.75 for arena seats, and \$1.50 general admission, he said. There is some discussion on whether the fights will be held in the afternoon or evening and also on which night of the week.

Members of the council did speculate that attendance would be good and might hit 1,500 at each fight. They will take official action tonight on whether they will allow boxing here.

Tornadic Winds Rip Minnesota

United Press International — Tornadic winds and funnel clouds ripped sections of Minnesota Monday night, injuring at least one person and causing widespread damage.

Monday by her 23-year-old son, Ross, who set up a cot and joined his mother, newsmen and spectators in staring at the road crews.

Meanwhile, back at the State Division of Highways, the top kick, attorney George Hadley, prepared a writ of assistance for signature by Superior Judge Clyde C. Triplett.

When signed, sheriff's deputies will be asked to go on over to Mrs. Pucket's and take possession of her little old house, regardless of her telescopic 30-30 rifle.

THERE DIDN'T figure to be a showdown that would even come close to the "OK Corral."

"After all," Mrs. Pucket said, "my husband was a police officer."

However, she added that if they take her away, her son will hold the house and if officers take him away, friends will take over the job.

The jailhouse figures to get a little crowded.

Son Joins Gun Totin' Grandma

LOS ANGELES — (UPI) — Grandma Lomie Pucket, rifle-packing widow of a police officer, stars today in a new reel of a little western saga entitled, "Showdown on the Golden State Freeway."

Mrs. Pucket, 57, a determined, Texas-born property owner who says she can spot a rattlesnake at 30 yards, stood guard over her home in the route chosen by the state for a high-speed road.

FOR NEARLY a week now, she has stood or sat in front of the house, grimacing at the steady approach of heavy earth-moving equipment gouging out the freeway roadbed.

But she hasn't been idle. She has taken the opportunity to tell the world that the state's offer of \$8,000 for her house, which she rents for \$70 a month, simply isn't enough. She wants at least \$12,500 or another house which she can rent for the same amount of money.

KHRUSHCHEV DEMANDS U.N. GENERAL ASSEMBLY SESSION

Four States Cast Primary Ballots Today

Stuart Symington,
Williams Expected
To Be Easy Winners

United Press International
Voters in four states cast ballots today in primary elections featuring renomination bids by Gov. G. Mennen Williams of Michigan and Sen. Stuart Symington of Missouri.

Both are Democrats and both have been mentioned a potential party presidential nominees in 1960.

WILLIAMS, SEEKING an unprecedented sixth term, is a heavy favorite to beat his first primary foe in 10 years, William L. Johnson, a radio station operator.

Symington also was expected to win handily despite opposition from Lamar W. Dye of Kansas City and Lawrence L. Hastings of Aurora. Four Republicans, led by Hazel Palmer, a Sedalia attorney, seek to oppose him in the November election.

OTHER PRIMARIES were held in West Virginia and Kansas.

Two West Virginia Democrats trying for political comebacks battled for the senatorial nomination to oppose incumbent GOP Sen. John D. Hobbitt Jr. They are former Gov. William C. Marland and former U.S. Rep. Jennings Randolph.

In Kansas, Gov. George Docking, the state's first Democratic governor in 20 years, is unopposed for renomination. Five Republicans are fighting for the right to face him in the November election.

WEATHER

Desert Area Forecast:
Variable clouds today through Wednesday. Widely scattered afternoon and evening thundershowers in south portion today and more generally Wednesday. Little temperature change. Highs today from near 100 upper valleys to 115 lower valleys.

Saturday's high, 111, low, 78; Sunday's high, 110, low, 70, Monday's high, 110, low, 73.

MANGLED WRECKAGE is inspected by a California Highway Patrolman following the Highway 111 collision that claimed the life of Mrs. Frances Lee Allegrini, of Palm Springs, at Rancho Mirage Saturday afternoon. Both cars were demolished and the driver of the second car, 21-year-old Louis Ortega, of Coachella, went to Desert Hospital with a fractured hip and facial lacerations. A coroner's inquest has been scheduled for 3:30 p. m., Wednesday, at Wiefels and Son Mortuary. (Desert Sun Photo)

Jack Warner Seriously Hurt In Auto Accident

CANNES, France (UPI) — Jack L. Warner, U.S. movie executive was seriously injured in an automobile-truck collision while en route home today from a casino here.

He has a home in Palm Springs at 21 Cahulla Hills Drive.

POLICE SAID Warner, who was 66 Saturday, collided head-on in his open sports car with a coal truck.

He suffered a concussion, a possible skull fracture, severe cuts and possible broken bones.

Doctors at Cannes Hospital said his condition was "very serious."

WARNER WAS driving alone. He was headed in the direction of his villa "Aujourd'hui" at Cap d'Antibes when the accident occurred.

The truck driver was not injured. The crash occurred at 6:30 p. m. (p.d.t.) Monday.

Services to Be Conducted Aug. 6 for Accident Victim

Funeral services will be conducted here Wednesday for Mrs. Frances Lee Allegrini, 55-year-old Palm Springs woman who was fatally injured in a head-on, two-car crash at Rancho Mirage Saturday afternoon.

Mrs. Allegrini, of 1964 Barona Road, was pronounced dead on arrival at Desert Hospital shortly after her car reportedly smashed head-on into an auto driven by Louis Ortega, 21, of Coachella.

CALIFORNIA HIGHWAY Patrol officers said Mrs. Allegrini, waitress at an Indian cafe, apparently lost control of her westbound car. Patrolmen said her car careened off the road and then whipped back on the pavement to meet Ortega's eastbound car in a head-on crash.

Ortega, employed by a Palm Springs auto dealer, went to Desert Hospital for treatment of a fractured left hip and facial lacerations.

Both cars were demolished by the force of the collision.

MRS. ALLEGRINI was a Palm Springs resident for 21 years. She came to California 31 years ago from her native Missouri.

She leaves her daughter, Shirley, and one grandchild, both of Palm Springs.

Services will be conducted at Wiefels and Son Mortuary Chapel at 10 a. m., Wednesday, by the Rev. Donald Bachtell, of Palm Springs Community Church. Burial will follow at Welwood Murray Memorial Park.

'Coke' Burglars
Sought by
Local Police

Palm Springs police today were seeking the Coke machine bandits, a pair of culprits who tapped four vending machines for about \$45 without even scratching the paint.

Investigators said that thieves apparently used keys to take the coin boxes of soda pop machines at four gas stations yesterday.

Theft of the boxes was discovered as the machines were opened for re-filling at each of the four service stations, police said.

There were no chips, scratches or dents to show use of burglary tools.

Radar System To Be Checked By Police Today

"Speed Checked by Radar" signs may be up on Palm Springs streets soon, it was learned today from Chief of Police August G. Kettmann, who said that members of the police department would see demonstrations in the use of radar traffic control today and tomorrow.

New radar units have now been developed which make speed checking almost foolproof, and one of the first spots of concentration will be the north entrance to the city.

According to Kettmann, the new radar equipment is "very compact and can be used like a rearview mirror on the side of the car instead of the old method of installing the unit in the trunk of the car."

Following two days of demonstrations of the units, a report will be made by the department to City Manager Robert W. Peterson, who in turn may make a recommendation to the City Council.

Private Plane Crash Kills Three

PACOIMA, Calif. — (UPI) — A private plane crashed into a highway early today, cremating its three passengers in a funeral pyre and narrowly missing a home where 10 persons were sleeping.

The plane, a four-passenger Cessna 172, apparently plummeted straight down after it had circled the area for a brief while. Witnesses said the motor coughed and sputtered.

The pilot of the plane was identified as San Fernando Valley paving contractor James E. Hooker, 46.

West's Terms For Summit Are Rejected

To Ask Assembly
To Order Troops
Out of Mideast

MOSCOW (UPI) — Soviet Premier Nikita Khrushchev tonight rejected Western terms for a summit conference and instead demanded an immediate U. N. General Assembly session to order Western troops out of the Middle East.

In a dramatic and sudden switch of tactics, Khrushchev told the Western Big Three that a General Assembly meeting is necessary since "the governments of the United States and Britain have declined to call a conference of heads of government of the five powers."

HE SAID THE U. N. Security Council "has shown it is not capable of ensuring a solution" in the Middle East.

Khrushchev said Russia's delegation to the United Nations had been ordered to request an immediate General Assembly session.

Khrushchev revealed the new line in letters to President Eisenhower, British Prime Minister Harold Macmillan and French Premier Charles de Gaulle.

AS FOR AN eventual summit conference, Khrushchev said only that he hoped the General Assembly session might "prepare the ground for expediting" such a meeting.

And he made it plain that the Soviet Union intends for the General Assembly to demand immediate U. S. and British withdrawal from Lebanon and Jordan.

Khrushchev concluded his message to Eisenhower:

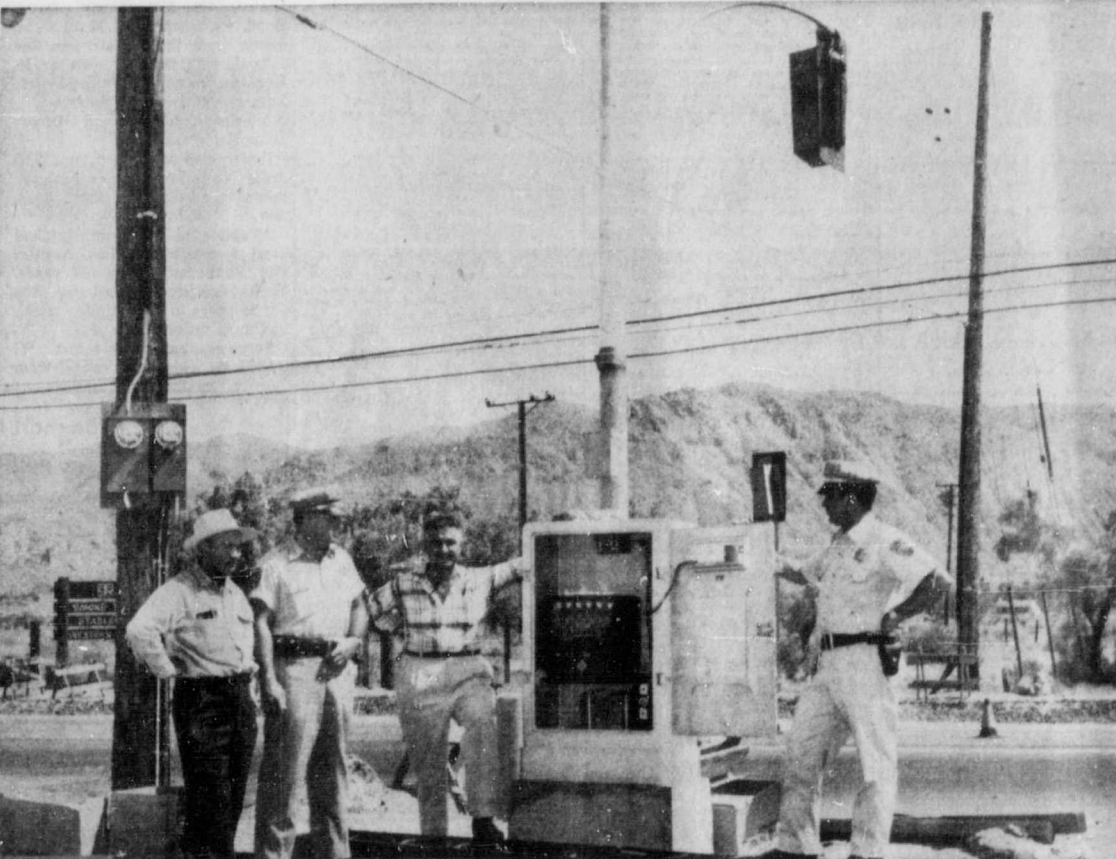

"I WOULD LIKE to express the hope that the government of the United States will support the proposal for an extraordinary session of the General Assembly which would be a good step toward the relaxation of tension and would prepare the ground for expediting a meeting at the summit."

The Khrushchev letters were made public shortly after the Western ambassadors received them at the Soviet Foreign Ministry.

KHRUSHCHEV'S MOVE followed last week's secret trip to Peking where he discussed summit policy with Communist China's Chief of State Mao Tse-tung.

The Western ambassadors had been standing by for the Foreign Ministry summons since Khrushchev's return Sunday from his hurried trip to Peking.

The time and place for a summit meeting had awaited Khrushchev's answer to Eisenhower, Macmillan and De Gaulle.

FIRST AUTOMATIC STOP signals have been installed in Palm Springs and are expected to be put into operation today or tomorrow. Pictured above checking the new equipment are, left to right, Bill Barrett, State Highway Department painting superintendent of District 8; traffic officer John Bennett; city traffic engineer Jack Grabner, and acting traffic Sgt. Nick Maff. State signal technician Eldon Roseberry and construction foreman Dan Hardy of District 8 were in charge of the installation. (Desert Sun Photo)

P. S. by D. K.

We receive many contributions of poetry—most of it very good. But it would be impossible to publish all of it so The Desert Sun has adopted a definite policy against using it in any form.

This policy is going to be stretched today.

Why? I'll share a letter.

"WE FOLLOWED the wild geese south, the autumn of 1950. Snow came to Chicago early that year and as we came into San Diego, seeing the exciting blue Pacific for the first time, we thought surely we must have died and gone to heaven.

"Trailer life was a lazy life, and needing something to occupy my time, I started corresponding with a little crippled boy whose picture was in the paper and who 'wishes someone would write to me.' So I did! Now, what does a 39-year-old lady write to a little boy of 7?—Why, poetry, of course.

"TIME WENT ON and God saw fit to call Robert 'Bobby' Dolata of El Monte to his heavenly home. As I wrote to Bobby each week, I made a copy of the poems I sent him. His mother dropped me a card from time to

time telling me how Bobby enjoyed the poems.

Perhaps children here will be interested in seeing one of the poems:

FLYING
When I was but a little child,
I had a ride so high,
The day was clear when we took off,
And headed for the sky.

Belgum, the roads were merely lines,
Like chalk-marks on a slate.
The railroad tracks were silver streaks,
Where trains hauled folks and freight.

The fields were drabish patch-work quilts,
Green and brown and gold.
The trees just tinged with Autumn's frost,
Were small corsages bold.

How neat the earth was way down there,
With ribbon streets awinding.
How near the clouds were way up here,
While motors were a-grinding.

How very proud our God must be,
To sit upon His throne on high,
And watch as man made birds ascend,
While His own birds glide swiftly by.

THIS LETTER WAS from Mrs. Conetto Amosono, 32889 Shifting Sands Trail, Outposts Estates.

Have you done anything for a small child lately?
If you know of any child who would enjoy a personal copy of these poems—one like Bobby—contact The Desert Sun or Mrs. Amosono.

ON THE LIGHTER side, we have one Governor in these United States who believes in poetic words.

This is very evident by the proclamation issued last year by Robert E. Smylie, Governor of Idaho, at Thanksgiving of 1957:

"When all the colors of Indian summer have streamed down the winds of Autumn, and the first snows have mantled the mountains with winter's promise of water for another year . . .

"When the bloom has gone from the last rose and the bountiful earth has yielded up to a free and industrious people its annual contribution of food and clothing and fuel . . .

Just think what Bill Knowland or Pat Brown could do with the Green and Gold of California. Or, if you don't want to wait another year, Goodie Knight could do a good job this year too, come this Thanksgiving, and thereby set a pattern for his successor.

Purse Snatchers Get \$4, Throw Away \$26,000

WILMINGTON — (UPI)—Purse snatchers missed \$26,000 in cash Monday when they grabbed the purse of Mrs. Anastasia Krouses, stole a coin holder containing \$4 and threw away the handbag as they ran.

Mrs. Krouses, 35-year-old Greek immigrant now living in nearby Long Beach, had carried the money in \$1,000, \$500 and \$100 bills since last month when she took it from a safety deposit box at Reno, Nev. She said it belonged to her first husband who died two years ago.

THE WOMAN TOLD officers she, her second husband, Jim, and an uncle, Peter Andronis, 63, were sitting in Banning Park when three youths grabbed her purse and ran.

Leaping to her feet, Mrs. Krouses ran after them, screaming for police. They threw the handbag into some bushes where it was discovered by her uncle.

IN THE BOTTOM, tucked neatly away in a black leather parcel case was the money—14 \$1,000 bills, 8 \$500 bills and 80 \$100 bills, 9 \$50 travelers' checks and \$360 Mrs. Krouses was keeping for her uncle.

Police took the money to the police station for safe keeping. Mrs. Krouses planned to bank it today.

Firemen Have Two Fire Calls On Saturday

Palm Springs firemen answered two fire alarms Saturday, one an automobile blaze and the other in a home.

The first alarm was reported at the corner of Palm Canyon Drive and Andreas about noon, with an automobile belonging to Lewis Clemons of Palm Springs on fire. Firemen reported that the fire was contained in the back seat, apparently started by a discarded cigarette.

At 1:35 p. m., firemen answered a call at 458 West Andreas and extinguished a clothes and clothes-hamper fire in the bathroom of the home.

According to Capt. Chet Goff, the hamper had been pushed up against a heater and accidentally tripped the switch. The heater started the hamper on fire and burned the clothes in the hamper. There was considerable smoke damage to the bathroom.

Paul Kiefer Services Held Here Tuesday

Funeral services for Paul Frank Kiefer, 70, 3531 Sunway Dunes Road, were conducted at 10 a. m. today, from the Wiefels and Son Chapel, with the Rev. Walter H. Reuning, pastor of Our Savior's Lutheran Church, officiating.

Interment followed in Desert Memorial Park.

Kiefer died at 12:30 p. m., Saturday, in a Los Angeles hospital, following an illness of short duration.

A native of Wisconsin, he had been a resident of Los Angeles and Palm Springs for 12 years. He had operated a retail tire shop for 25 years in Manistique, Mich., and was retired.

Survivors include one son, W. P. Kiefer, and two grandchildren.

Army Takes Over Mexico's Railway System

MEXICO CITY — (UPI)—The army took charge of Mexico's nationalized railway system today, guarding it against sabotage in a wildcat strike which has stranded hundreds of travelers, including many Americans.

Roberto Amoros, general manager of the nationalized railways, was negotiating with Demetrio Vallejo, leader of the "rebel" union faction that called the unauthorized walkout. Prospects for a settlement sometime today appeared to be good.

A wildcat teachers' strike was threatened in support of the rail walkout.

The wildcat rail strike began Saturday as a result of internal struggles within the 60,000 - man railway workers union, headed by Salvador Quesada.

Folk Dancing To Be Feature Of Farmers Fair

Folk dancing, interpreting native dances of numerous countries will be an added feature of the Farmers Fair of Riverside County this year.

The popular attraction is to be sponsored by the Hemet International Folk Dancers, under the direction of Mrs. James H. Hampton, and presented at the Farmers Fair, Saturday, Aug. 23, from 8 to 12 p.m.

THE CAREFULLY arranged program will include 20 separate type dances as native to Argentina, Austria, Czechoslovakia, Denmark, England, Ireland, Germany, Israel, Poland, Sweden, Switzerland, the Ukraine and several other countries.

The Skirts and Shirts of Pasadena, a junior organization, under the leadership of Mrs. Lou Price, will dance several exhibition numbers. This group drew exceptional applause when they appeared last November at the Hemet Festival of Flags, and have added new numbers to their presentation.

MRS. PRICE is of Czechoslovakian parentage and learned the authentic Beseda when she was eight years of age, and her group will present this original number which takes a period of 13 minutes to complete.

CALIFORNIA WATER AND Telephone Co. continuing its upgrading of equipment in the desert area, is presently undertaking a \$126,680 project of installing underground conduit on Palm Canyon Drive from Tamarisk to Tachevah, increasing the number of cables that can be carried. The project was started early in July and is expected to be completed this month. Pictured above is a new vault

at the corner of Via Lola and Palm Canyon Drive which will not only serve the Palm Canyon lines but also the ones from Tachevah and Via Lola. The program also calls for the increasing from two to four the number of conduits from Tachevah north to Racquet Club Road. (Desert Sun Photo).

Palm Desert

By GRETCHEN CHEESEMAN

Mr. and Mrs. Major Slater sailed for Hawaii last Wednesday. Several "going away" parties were given in their honor prior to their departure, both here and in Los Angeles. They expect to be away the month of August.

Jack Kerns and his "easy to listen to" band are now appearing at the Ranchinn in Elko, Nev.

Mr. and Mrs. Gifford Salmon expected to spend the summer in their old home town, San Mateo, but changed their plans and have taken an apartment in Westwood for the summer.

The John Vales, Mrs. Pauline Findelsen, the William Claibornes Mrs. Phyllis Patten, Cliff Mylls, Richard Montgomerys, Mrs. Don Huntoon, the Bert Ripples, A. E. Lyttles, the Orvil T. Millers, Mrs. Don Clark and children, and the Glenn Woodfins are enjoying the swimming at Shadow Mountain Club this summer.

Mr. and Mrs. Niles Howell are

spending the summer in Atascadero, Calif. Mr. Howell has been attending summer school at USC during the month of July.

The Desert Protective Council has high hopes of establishing a wildlife sanctuary in the San Jacinto - Santa Rosa mountains. This group is very active in making and keeping the desert interesting and beautiful.

Mr. and Mrs. Godsell (Jim and Margaret) are summering in Hales Corners, the beautiful lake region in Wisconsin. Miss Lynne Morgan is occupying the Godsell home for the summer.

Mr. and Mrs. Ralph Rowland, who have a summer home in Los Altos, Calif., expect to spend the month of August in the East and then will return directly to their home here in Palm Desert.

The Oberns, Earl and Ellen, have been traveling the month of July. They motored to Yellowstone Park, Jackson Hole where one sees the Grand Tetons Mountains, Banff, Lake Louise and Jasper Park.

The Rotarians "steak fry" and picnic was a huge success. A group of fifty attended and enjoyed a big community sing in the moonlight. After singing several songs himself, Dick Kite led the singing. A portable organ was taken along which added to the "musical fun".

Drinking Drivers Present Big Problem--CHP

Drivers under the influence of alcohol continue to present a problem on our highways, says the California Highway Patrol.

"During the first five months of this year, drivers who had been drinking were involved in an average of one accident every 30 minutes on the rural highways of California," declared Patrol Commissioner B. R. Caldwell. "This includes those who were obviously drunk, those under the influence, and those who had been drinking although the degree of impairment was not known."

"ALTHOUGH A SMALL reduction in accidents involving drinking drivers has been experienced thus far during 1958, the driver who drinks is too frequently involved in fatal and injury accidents which is a major concern to enforcement personnel," Caldwell stated.

"In the enforcement field, the Patrol made 5,190 arrests for drunk driving during the first five months, an increase of 30 or 0.6 per cent compared to 1957."

"FREQUENTLY DRIVERS take the wheel of a motor vehicle after a few drinks thinking they are capable of meeting any emergency. Investigation proves, however, that much of the driving while under the influence of alcohol can be attributed to a lack of realization of the hazards involved with such actions," he continued.

Tahquitz Road Rezoning to Be Before Planners

A City Council directive ordering public hearings for proposed rezoning of Tahquitz, from Indian Avenue to Sunrise Way, is scheduled for consideration by the City Planning Commission Wednesday.

The commission will presumably set hearing dates on proposed C-1-b commercial zoning for the right-of-way intended as an arterial link between downtown Palm Springs and the airport.

ORDERS FOR THE public hearing followed tentative council agreement to meet requests of the Indian Tribal Council, which asked that commercial zoning be applied to the proposed thoroughfare.

Also scheduled for the Wednesday commission meeting is public hearing on application for reconstruction of the Hancock gasoline station at the northwest corner of Indian Avenue and Andreas Road.

ANOTHER HEARING Wednesday will determine action on application of Walter R. Knapp for a lot split, dividing one Lower Araby area lot into three parcels. Commissioners will also view application of George Alexander for approval of his final map on Racquet Club Road Estates, a new northeast subdivision.

College Fund

AURORA, N. Y. — (UPI) — Wells College has set a five-million-dollar goal for its 100th anniversary in 1968. President Louis J. Long said part of the campaign will be a \$2,500,000 endowment fund.

Local Post Office Conducts Survey on Service Needs

A Post Office department survey, designed to improve mail service as new postal rates became effective, today reached into the Palm Springs Post Office.

Assistant Postmaster Joseph Clapp said his office, along with other postal units across the nation, received orders to survey critical postal areas with an eye towards improvement of service.

THE SURVEY, following on the heels of new postal rates, is designed to "signal the greatest period of postal progress in American history," said Postmaster General Arthur E. Summerfield.

Immediate surveys have been initiated to determine whether essential window services in post offices should be made available earlier and/or later in the day.

Also scheduled for survey are mail collections, determining whether there are enough mail collections daily from street letter boxes, postal branches and stations.

THIS FIELD OF survey is intended to insure maximum speed on local deliveries and most efficient use of outgoing transportation for out-of-town mail, Clapp said.

Clapp expects the Village postal survey to be completed in a few days.

Summerfield's deadline for the survey is 90 days, and postmasters were directed to submit requests for urgent needs directly to regional directors for immediate consideration.

Citizens in Tampa, Fla., are required by a new ordinance to help police officers make an arrest when a would-be prisoner resists. Otherwise, they face arrest themselves.

Satisfied to Keep Firing That Gun

EARL WILSON:

The Lowdown on the Inside

HOLLYWOOD—I strolled proudly into the Beverly Hills Hotel lobby after the Miss Universe Pageant. People had seen me of TV down at Long Beach, and I felt cockier than Oscar Levant after he's taken six pills.

I slunk out feeling like a baseball umpire.

"How did you judges overlook Miss Brazil?" growled Radie Harris, the Daily Variety columnist, who'd watched on TV.

"Overlook her?" I growled back. "Miss Colombia beat her out for first place by one point!"

So I decided, with permission of my boss, Vincent Trotta of New York, chief of the judges, to explain the voting—though how we voted is secret.

Regal-looking and telegenic, Miss Brazil (Adalgisa Colombo) strutted down the runway seeming to say "I've got this contest in the bag. Why fool around with those other cats?"

And she of course was the favorite of some of the nine judges... but dig this:

We judges voted (in choosing the winner from among the five finalists) on three ballots—eventing gown, bathing suit, and voice and personality.

We voted for a first (5 points), second (4), third (3), second (2), fifth (1). On three ballots, nine judges voted a total of 405 points—and so out of all that Luz Marina Zuloaga of Colombia got one more point than Miss Brazil.

Suppose—for purpose of clarification—one judge voted for Brazil for fifth in poise and personality. That'd have been one point. Had he voted for her for third, she'd have received 3 points and would have won from Miss Colombia by one point!

Both Miss Colombia and Miss Brazil, close up, are real dolls. And the way they disposed of the Scandinavian beauties was startling (to the Scandinavians), Miss Brazil, who's engaged to Jackson Flores, a Brazilian importer who's divorcing, will do some modeling for Vogue in N.Y. and also has a movie offer from Joe Pasternak, the Hollywood producer.

Let me add that nobody ever suggested how I vote for political, business or any other kind of reason.

Judge Trotta did caution all of us to look for symmetry of figure—he gave us a drawing showing that's earl, brother.

THE FOREIGN car market in this country has become so big that a guy can't get a job selling them unless he speaks four languages. That's earl, brother.

MIKE CONNOLLY:

It's Hot in Georgia

HOLLYWOOD—Oscar-winner Joanne Woodward joined the ranks of recalcitrant stars balking at their studio contracts by backing away from her co-star spot opposite Yul Brynner in Fox's film version of Nobel Prize-winner William Faulkner's "The Sound and the Fury."

Miss Woodward's why- & -wherefore wordage to this reporter: "I love the idea of playing a 17-year-old girl in the picture but they're going to shoot most of it in Georgia, where I was born and where it's hot and sticky—and why should I go back THERE? Besides, I want to go back to Columbia University in September and earn the credits I need for my Bachelor of Arts degree and maybe play the Irish spinster in James Costigan's new play, 'The Wind from the Sea,' opposite Van Heflin."

"NOW," SAID THE Store Lady briskly, "you have \$14.75 plus tax credit. How would you like some nice records?"

"How will I play them, Store Lady? Since I have no needle."

"Ah," said the Store Lady. "I am afraid you must work that out for yourself. We have no policy to cover it."

HIS PALS OPINE that if starlet Jill St. John makes one more announcement about being engaged to Lance Reventlow, the Woolworth heir may just take off into the wild blue in his Cessna... "Come to think of it," allows Lisa Kirk, "there never was a sound barrier a woman couldn't break!"

First note of discord from the household of those newlyweds, Richard Egan and Patricia Hardy, stemmed from Dick's publicity poses with the new Miss Universe.

FOX WARNED JOAN Collins and Dwayne Hickman to quit drag-racing their hot rods through the studio, from the Pico Boulevard gate to the Santa Monica entrance, or turn in their Elvis Presley badges.

Burt Lancaster, no mean acrobat he, will install a complete aerial circus at Pacific Ocean Park... Gen. Mark Clark huddled with the King Brothers about filming his Anzio beach-head story, "Ten Mer and a Prayer"... Princess Margaret's love for rocknroll, I'm told, is driving her royal retinue nuts.

ALICE BABBS, Dot Records' "Swingin' Swede," signed to co-star at the Coconut Grove with Sam Levenson starting Sept. 18... Jody McCrea, Joel's son, clues me that decaathlon champ Rafer Johnson, a track-team-mate of Jody's at UCLA a year ago, always prays before AND after each event—and did the Russians know that when they named him champ?

Carol Ohmart told me why she prefers sports-car-shifting to power-steering: "It gives me something to do while I'm driving."

CHANNEL CHATTER: Pat Boone, a smart business head,

John Frankheimer whittled his Playhouse 90s down to four a year and took off for Broadway to direct Helen Hayes' son, James MacArthur, in a new play, "Far Away the Train Birds Cry."

Hen-to-heen baroque in a Beverly Hills beauty shop: "Live up to his promises? My husband? My dear, he ALWAYS said he wasn't good enough for me when he was courting me and he's been proving it ever since!"

Profiles in Love

WASHINGTON, D.C.—"Statesmanship is not a cliché," Senator John F. Kennedy was good enough to write in his Forword to my book "The Famous Five," "but a quality within the reach of politicians with the vision and courage of the five Senators included in this fine volume."

Vision and courage, Kennedy went on to say, are qualities which Senators Clay, Webster, Calhoun, La Follette and Taft had in common. Reviewers of my book have added some other qualities shared by these greatest of Senators—courtesy, intelligence, pride in the Senate, integrity of purpose.

SOME REVIEWERS have chided the author for raising the question—"What makes greatness in these Famous Five?"—without supplying the answer, if there is one. If we Americans are living, as Adlai Stevenson has said, in "a time for greatness," maybe it is a question which needs answering.

Funny thing—there is an answer, and a useful one, in the lives of these five men. It seemed so obvious to me when I wrote the book that I left it for the individual reader to find for himself. What did each of the Famous Five have in abundance? Each had love. As simple as that—love.

HENRY CLAY, Heaven knows, was not great because he legislated for a protective tariff, a national bank and the War of 1812. But "whole acres of people would come to hear him speak. More people, as a friend said, would 'run after him' and

"fewer would vote for him" in presidential races than any man in history.

The voting is not the thing. Its old story of why the lamb followed Mary to school. Mary loved the lamb, and the lamb loved Mary. Clay, who suffered more than his share of family tragedies in death and insanity, was drawn to humanity for this very reason—the brotherhood of sorrow. His surviving son at Clay's deathbed wrote the Senator's best epitaph: "Was there ever a man had such friends?"

DANIEL WEBSTER, as a number of critics have noted in the light of the Sherman Adams story, was always getting his purse refilled by businessmen whom he assisted. But this habit did not prevent 150 professors of history and all living Senators from selecting Webster for membership in the Famous Five.

What was the overriding virtue in Webster I think it was his enormous gift of affection. He bestowed it upon his father, his brother, his wife, his chosen friends. Today, love is a sex-oriented word.

But several years ago, novelist Somerset Maugham in his philosophic autobiography, "The Summing Up," used the one-word expression "lovingkindness" to name the greatest of all human qualities. Webster had it in abundance. No wonder men called him great.

WE ALL KNOW who was the femme fatale in the life of John C. Calhoun. He died crying out her name: "The South! The poor South! God knows what will be-

come of her." We are taught to be suspicious nowadays of "Nationalism," and to regard internationalism as better because it's bigger.

But there was a time in American history when men's hearts throbbed for their nation and their State, else we would never have become a country at all. No group of All-Star selectors could pass over a man who loved the principle of state sovereignty as passionately as Calhoun.

THAT LEAVES US La Follette and Taft. Well, the greatest lovers in song and story are the men who fell in love and stayed that way throughout their lifetimes. The romantic legend that one man can love one woman exclusively and forever is written in the marriages of Bob La Follette and Bob Taft.

I have never read anything in biography more touching than Fola La Follette's description of the parting in death of her father and mother. I doubt if any two human beings ever lived a finer love story than Bob and Martha Taft. Nothing in books or on the stage can touch that parting in New York Hospital of the doomed Senator and his stroke-crippled lady.

So, if we want greatness in our time, we had better stop and remember what makes it. To be great a man must first be capable of great feeling for persons and causes outside himself. He must be capable of loving and of being loved. Anything else he has is so much garnish to this central trait.

—Holmes Alexander

THIS SIDE of The Sun

By Phat

The hero is trapped
By the villainous monster,
Will he escape?
First a word from our sponsor
That's the way it goes.

THE BAD MEN have the handsome hero all trussed up, he can't get loose and his demise is a matter of seconds.

Just then the TV screen goes blank and you hear:

"The action will continue in a minute but first a word from our sponsor."

So, instead of learning by what incomprehensible device the good-looking hero thwarts the heels who want to do him in, we get a picture-diagram of our interior with a bevy of little pills racing about.

That is, they race on one side of the screen, lie dormant on the other. In fact, the Bs have left the As at the post so often they are probably 1-1000 in the books.

HAVE WATCHED that race many a night hoping for an upset but the only upset seems to be in the stomach which is what the pills are for, anyway.

Of late, three other products have tried to muscle in, claiming to be twice as fast as the twice-as-fasters.

So far, apparently, they have been unable to arrange the feature.

AND THEN, after discovering that our insides are built along the lines of what I imagine a moonshine still looks like and the little winning pills have told the alcohol in our bloodstreams to move over, we come to cosmetics, every one of which is superior to the others. Beer and cigarettes, too, are in that category in which every brand is better than any other.

Have long since quit trying to figure that one.

WELL, ANYWAY, after that minute to listen to the sponsors has grown to five, they come back to our endangered hero.

By that time I am so confused by all of the hair tonics, detergents and the virtues of various formulae guaranteed to fix you so even your best friend won't have to tell you that I've forgotten what went before.

WHILE DISCUSSING entertainment and instruction via the air waves and with due apology to my Palm Springs friends gainfully employed in radio, that medium can cause confusion and start rumors, too.

Like last Thursday, for instance, when the telephone let loose in my vacation home.

"I just heard on the radio that a cloudburst hit Palm Springs and that there are three feet of water in the main street with damage in the millions," my informant from across town said.

TRIED TO PICTURE water a yard deep tearing down Palm Canyon Drive or Indian Avenue then recalled that it was on a July 31, just eight years before, when we DID have a cloudburst and the water tore through the Tennis Club and some homes on Ramon Road. Was working up a story on that when Mrs. G. came in from her r. "o. It was Twenty-nine Palms and two feet of water. My phone friend had mis-understood.

Leaving me and my special article high and dry.

Dear Abby...

DEAR ABBY: Do you see anything wrong with a boy and girl who have gone together for three years spending their vacation together at a respectable hotel? Both our parents agreed only my aunt heard about it and said people will talk. I know I can trust myself and the boy has always been a perfect gentleman. We get our vacations at the same time and being very much in love hate to be separated for two whole weeks. We don't intend to occupy the same room. I am 20 and he is 21. You are open-minded, Abby, please help us out.

CLEAN-MINDED
DEAR CLEAN: I may be open minded, but I don't have holes in my head. Spending two weeks together at a hotel sounds too much like a honeymoon without the marriage ceremony. Lovers alone need a chaperone.

DEAR ABBY: I read with interest your article about ALL MAN who was looking for a woman who looks like a woman, acts like a woman and is ALL WOMAN. I have been around the world many times and have lived in many countries and I think I know what he wants. You will never find ALL WOMAN in AMERICA. The most feminine women in the world are to be found in FINLAND! It might cost a little something to get there, but it will be worthwhile.

WELL-TRAVELED
DEAR J. H.: Thank you for your suggestions. There are plenty of feminine women in AMERICA. Our men will go shopping in Finland when H-isinki freezes!

DEAR ABBY: I'm writing to you in regard to that married couple who wants to give their baby away because they claim they can't afford a fifth child. They signed themselves REALISTIC PARENTS. If they are so realistic why don't they sit down like adults and figure out a way to keep it? It made me sore. I'm the father of five and I wouldn't give my own flesh and blood away if I had 20! I was laid off for a year and we were down and out but we survived. We were on welfare and it didn't hurt my pride. There are plenty of agencies they can go to. Tell them to smarten up and if they still want to give their baby away to send it my way. My wife feels exactly the same as I do about it. Thank you, Abby.

FATHER OF FIVE

DEAR ABBY: I am a boy 14 and my sister is 16. When we are eating supper and the telephone rings, they let her get up to answer it because it might be a boy. They never let me get up from the table and run to answer it even if it's for me. Do you think this is fair? BILLY

DEAR BILLY: A boy can call a girl anytime, and you have that privilege. Your sister has to wait to be called. It's not exactly "fair" but it's understandable.

DEAR ABBY: My husband got a crewcut and he looks like a plucked chicken. He is in his late forties and his hair is thinning out fast. At least before he had longer hair and could cover the bald spots, but now his baldness shines through all over and he looks simply ridiculous. I called his barber to bawl him out and the barber said he tried to talk my husband out of it but he insisted. How can I get my husband to realize that he looks terrible and should let his hair grow?

CREWCUT'S WIFE
DEAR WIFE: If you've already told your husband what you think of his crewcut (and I'm sure you have) so get off his back. Some men get stuck with something and "fck with it to defy the opposition. Ignore it and the chances are he'll let it grow out on his own.

DEAR ABBY: Thank goodness I don't have any problems as serious as those I read about in your column, but I do have a little problem that maybe your readers could help me out with. Our son is serving in Korea and he asked me to send him something good to eat, like cookies, candy or fruit-cake. What can I send that will arrive in good condition that he and his buddies will enjoy? How should I wrap it to be sure it will be fit to eat when it gets there? This may sound like a small problem, but it is big to a mother with a son in service.

MOM
DEAR MOM: If there are any mothers out there who know what can be sent to a boy overseas (and how to wrap it) I hope they will contact this column. It would be a pleasure to pass the recipes and hints for wrapping on to you.

DEAR ABBY: That letter from Pearl the Squirrel caused me to blow a fuse. I am a happy bachelor, aged 50, who has a beautiful apartment, brand new car, a bank roll and my mamma does my cooking. Honest, Abby, what discriminating bachelor wants a WIDOW anyway? No second-hand goods for me!

BACHELOR BOY
DEAR BACHELOR: And why tell where are you going to find a blushing maiden on whom no man's hand has ever set foot who'd want a 50-year-old bachelor boy?

DEAR ABBY: If a fellow gives a girl a very expensive diamond ring for an engagement, should he pay for insuring it or should she? This is creating quite a big problem in my family and I want some outside opinions.

ENGAGED
DEAR ENGAGED: Any boy who can afford a very expensive diamond should be able to insure it. There is no good reason why the girl (or her father) should assume the expense of insuring her engagement ring.

DEAR ABBY: Each year around this time we are swamp-

ed with announcements of graduations, confirmations and weddings. Some are invitations to attend these affairs, but what do you think of the ANNOUNCEMENTS telling you the affair took place? It looks like they are asking you for a present. My husband and I have to ask each other if we even know some of these people. Do you think we should ignore the announcements or should we send a gift?

MRS. D. S.
DEAR MRS. D. S.: If you are n't sure you "know" these people who send you announcements just send them a note of congratulations. The best rule to follow is to give a gift only when you sincerely WANT to.

DEAR ABBY: I am a girl 17 years old and a girl my age (and about my build) lives across the street from me. She has a date almost every night and when her date takes her home what do they do but park right in front of my house and make out for about an hour! It is quite dark and the neighbors naturally think it's me. I am getting a bad reputation because of this and want to know what I can do about it.

MISTAKEN IDENTITY
DEAR MISTAKEN: Turn on the porch light and throw a little light on the subject.

CONFIDENTIAL TO BILL:
You remind me of the fellow who sows his wild oats and then prays for a crop failure. Simmer down.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

If you want a collection of Abby's best letter and answers in one book, ask your bookstore to get you "DEAR ABBY" for you.

Editor
The Desert Sun

We have been receiving our Desert Sun promptly every day at home here in Westwood and enjoy it very much.

With reference to Editorial of Wednesday, July 16 on "Decline of National Patriotism" it is without doubt an article which should be nationally distributed. Every American publication should take up the fight to restore our precious American ideals.

It would be a fine thing to have reprints made of this excellent editorial. At least we should have a reprint of this in October when everyone has returned to our desert homes and schools.

Keep up the good work: Kindest regards.

Sincerely,

Floral Leis Presented At Meeting

At the luncheon gathering of members of the Palm Springs Business Women's Club, President Virgie Dragicevich presented to each in attendance a flower lei she brought back from a flying trip to Hawaii. The leis were made from the many exotic flowers of the islands.

Discussing far away places were Virginia Breitweg, Mary Pickell, Ellen Blavaski, Sally Ohrt, Munya Smoot, Louise Yamamoto and her guest, her niece, Beatrice Yamamoto.

Munya Smoot left Friday for San Francisco to bid "Bon Voyage" to her daughter and son-in-law, Colonel and Mrs. Thacker, who are leaving for a three year tour of duty in Japan.

During August she will visit other members of her family in Arcadia and La Jolla.

Sally Ohrt's husband, Paul, is now permitted to walk a little each day, and is rapidly recovering from spinal surgery performed a few weeks ago.

Olive Blend Sauce Perks Up Menus

A sauce that goes equally well with meat or vegetables is this unusual golden olive blend. Melt 2 tablespoons of butter or margarine over low heat; Add 2 tablespoons of flour and blend. Gradually add 1 cup of milk and cook until thickened, stirring constantly.

Cut 4 hard-cooked eggs in half, remove the yolks, sieve them and set aside. Chop the whites and add to the sauce. Add one No. 2 can tomatoes, drained, 1/2 cup chopped pimiento - stuffed green olives, a dash of marjoram, and salt and pepper to taste. Heat to serving temperature, stirring occasionally, sprinkle with the egg yolks and serve. Makes about 2 cups.

Can you think of any liquid that costs less than gasoline... except water?

Quart for quart, gallon for gallon, almost any liquid you buy costs more than gasoline... and gasoline performance today costs less than it did in 1930.

1930	25 TON MILES	PER GALLON
1958	43 TON MILES	PER GALLON

Today's gasoline has far more value. An accurate way to measure this value is by "ton-miles"... the number of miles a gallon of gasoline will move a ton of car. Average performance in 1930 was 25 ton-miles per gallon. Today it's 43 — or 70% more work per gallon.

2/3¢ PER TON MILE	1/2¢ PER TON MILE

Fuel cost per ton-mile is down 18% since 1930. To move a ton of car a mile took 2/3¢ worth of fuel. Modern gasolines move today's heavier cars a ton-mile for about 1/2¢. When you remember you are buying performance, gasoline costs less today than in 1930.

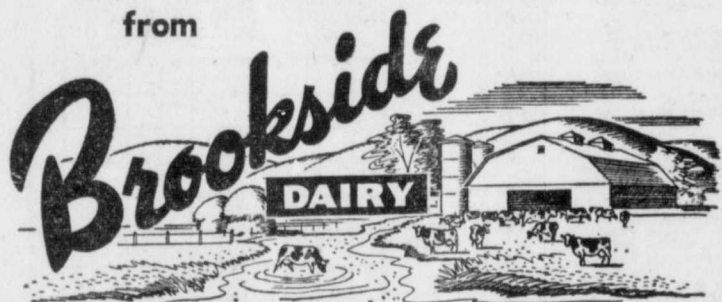

In spite of higher operating costs in the oil industry, gasoline prices have been held down through research and intense competition. Since 1930 the price of gasoline (excluding taxes) rose only 23%. During the same period the general cost of living went up 70%.

The taxes on a tankful of gasoline would buy between four and five extra "tax-free" gallons. Combined state and federal taxes, which help pay for better roads, add about 9¢ to the price of every gallon... nearly 30% of your gasoline dollar buys no gasoline at all.

TODAY'S SPORT PARADE

By JACK CUDDY
United Press-International

NEW YORK — (UP) — Jack Dempsey, confined to his hotel room and facing a possible operation, grinned wryly today and said his condition proves one thing:

"A wrestler can always beat a careless boxer."

Dr. E. Milton Sachs of Mount Sinai Hospital says the 63-year-old Manassas Mauler has a "hiatus hernia" from being struck just below the breast bone by the head of a wrestler.

SOME PEOPLE call it a "disphragmatic rupture," he explains. In the physician's opinion Jack can evade an operation if there is no further internal bleeding and if he rests comfortably during the next two weeks in his room.

Meanwhile, Dempsey is about as contented as a caged tiger. "Two weeks—" he groaned today, "two weeks of lying around this room'll drive me nuts. Two weeks of eatin' baby foods and oatmeal — ugh!"

Jack was hurt June 28 at Boston while refereeing a wrestling match at the Garden there between Killer Kowalski and Pat O'Conner.

While trying to pull the straddling O'Conner off the crawling Kowalski, Dempsey was struck in the diaphragm by the back of Kowalski's head when he reared up and back.

"IT WAS AN accident," Jack continued. "It wasn't Kowalski's fault. I was careless for a second, or I wouldn't have got hit."

Although the backward butt almost doubled him, Jack finished the bout and paid little attention to the injury. A knot formed in his diaphragm muscles, but he figured it was just a bruise that would go away.

He didn't know that the rupture could block the esophagus tube into the stomach.

HE WENT TO Montreal and then to Baldu, Manitoba, to look over some mining property and then to Lexington, Ky., to visit the Howard Reimers, owners of the Crown Crest horse-breeding farm.

"At Crown Crest I ate some hot sausages, and they really fixed me up," explained the ex-champ. "I began bleeding inside and was very sick. When I recovered enough to come to New York, I got Doctor Sachs to treat me. And the bleeding has stopped for a while, anyway."

"The next time I referee, I'll do it in English style — from outside the ring, while having a cup of tea."

(At Desert Hot Springs.)

The Mexican Colony scored a 2-0 win over the Palm Desert Junior Chamber of Commerce at the Polo Grounds last night when Rudy Martinez singled and a double error allowed both he and Victor Reyes to score in the fourth inning.

The win put the Colony only scant percentage points behind the leading Palm Springs Biltmore in the hot Desert Softball League race.

A SMALL CROWD watched Mexican Colony hurler Frank Prieto and Palm Desert pitcher Les Shaw wage a tight duel all the way. Prieto allowed but one hit while Shaw was getting tagged for two.

Don Burke's double in the third frame was the only safety for the Junior Chamber as they failed to get a man past second all night long.

In addition to Martinez' timely single, Reyes poked a double into left field for the Colony in the sixth.

THERE WEREN'T many strike outs, with Prieto getting five on this method while Shaw only got two. Prieto didn't walk a man while Shaw dished out two free passes.

Palm Desert mounted its strongest threat in the last inning when Andy Waterman reached first on an error. After Don Bachtell had flied out to left field Joe Mazzula got on by a dropped fly in the outfield and Waterman moved to second. But the threat soon died when Jerry Murphy popped up and Prieto struck out Vern Emery.

Touring Track Team Competes In Budapest

BUDAPEST, Hungary — (UP) — A capacity crowd of 100,000 at the huge Hungarian Nép-Stadium was expected to watch America's touring track and field team clash today with Hungary in the opening events of a two-day track and field carnival.

The U. S. men were favored to beat the Hungarian men, just as they vanquished top Russian and Polish stars in recent meets in Moscow and Warsaw.

BUT HUNGARIAN women could well prove too strong for the U. S. girls, who were outscored both by the Russians and Poles. And indications were that Hungarian officials might disregard U. S. desires and lump together points from both men's and women's events to get an overall total.

It was by using such a scoring system that Russia claimed an overall 172-170 victory over the United States in the Moscow meet despite U. S. objections.

THE HUNGARIANS were counting on at least one victory in men's events today because Istvan Rozsavolgyi, co-holder of the world record of 1,500 meters, was to represent Hungary in that event.

However, Americans Ed Moran of James City, Pa., and Jim Greelle of Portland, Ore., have been steadily improving and might menace the Magyar star.

Pirates Halt Braves Dash To Pennant

Lead Out to 4 Games as Giants Defeat Chicago

By FRED DOWN
United Press International
Those upstart Pittsburgh Pirates have "braked" the Milwaukee Braves' threatened runaway—and there may yet be a pennant race in the National League. The Pirates, battling to finish in the first division for the first time since 1948, snapped the Braves' six-game winning streak 4-3, Monday night on a ninth-inning homer by Roberto Clemente.

THE SAN FRANCISCO Giants who beat the Chicago Cubs, 6-4, in an afternoon game, thus moved within four games of the Braves and the Pirates moved up to within six of the world champions.

And so, all the talk of a Milwaukee runaway that started after the Braves' four-game weekend sweep of the Giants, is quieted. The Braves may go on to win another pennant but their opposition hasn't given up yet.

The Pirates, now three games ahead of the fourth-place Cubs, have won four straight games and 17 of 26, a .654 pace, since July 4 when they were in seventh place.

WILLIE MAYS showed signs of going off on another "tear" when he hit a homer, double and single and stole a base to spark the Giants' eighth-hit attack. The homer was Willie's 17th and first since July 2. He doubled in the fifth, stole third and scored on Bob Schmidt's single to break a 4-4 tie.

Rookie Gene Green hit his eighth homer of the year in the sixth inning to give the St. Louis Cardinals a 3-2 victory over the Los Angeles Dodgers and the New York Yankees increased their American League lead to 16 games with a 9-4 win over the Baltimore Orioles in the only other major league activity.

Larry Jackson, one of the Cardinals' "hot" and "cold" pitchers, pitched a five-hitter and struck out 12 as the Redbirds ended their seven-game losing streak.

Moore Blames Draw Decision On Trying for K.O.

RENO, Nev. — (UP) — Archie Moore, a aging lightweight champion of the world, conceded today he might have done better than a draw with Howard King if he hadn't tried so hard for a "kayo."

"I do think I had an edge," Moore said of Monday night's 10-round non-title fight. "However, since the fight was in Reno, King fought inspired."

Moore went into the bout at 199, roughly 25 pounds more than allowed in his lightweight domain. He started fast but after the sixth round slowed down considerably.

'Frisco Freaks'

Casey Stengel's Right on San Francisco Nickname

By HAL WOOD
United Press International

SAN FRANCISCO — (UP) — Don't know what the Yankees' Casey Stengel means, for sure, when he brands the San Francisco entry in the National League pennant race the "Frisco Freaks."

But I'm kind of inclined to agree with the guy.

A "freak" according to Webster's Dictionary, is "an abnormal animal or plant."

LOS ANGELES (UP) — I don't think I've ever been as eager for a fight as I am for the one coming up with Roy Harris.

When I defend my title against Harris on Aug. 18 at Wrigley Field, it will be just four days short of a year since my last fight with Pete Rademacher.

I'VE BEEN in training most of the time since then, and it is going to feel just fine to be throwing punches for real against an opponent who should be the toughest I've met so far.

More important, I've got some things to prove. I'm fed up with all the criticism of myself and my manager, Gus D'Amato, because I don't fight as often as some people think I should.

Village Baseball Nine Scores Win

The Palm Springs Adult Baseball team cashed in on a number of walks and two timely hits at the Polo Grounds Saturday night to post a 5-1 win over the visiting Aparichio Apaches.

Behind the seven-hit pitching of Bernie Becker the local team stopped every Apache threat until the ninth inning when the losers finally managed to score one run.

PALM SPRINGS scored one run in the first inning, one in the second, two in the third and their final tally in the fifth. Victor Reyes' triple and a single by O. B. Crawford were the important blows in the victory.

Becker struck out 12 Apaches in his winning effort. The opposition hurlers weren't so effective. Three successive ones issued seven walks while striking out eight Palm Springs men.

ANOTHER BIG factor in the Palm Springs win was fine base running. The Adults scored twice in the third inning when they took advantage of passed balls to come in from third base.

Palm Springs plays its next game Saturday night against another out-of-town team. They are preparing for an appearance

O'Brien Wins Shot Put Event In Warsaw Meet

Parry O'Brien of Palm Springs, Olympic champion, won the shot put event as expected in the dual meet between the U. S. and Poland, at Warsaw last Saturday.

LOCAL DELEGATES of Jehovah's Witnesses gather in the outfield of Yankee Stadium to look over the program of the eight-day international convention of Jehovah's Witnesses July 27-Aug. 3. The convention was held in both Yankee Stadium and Polo Grounds and was the largest attended convention in history with delegates coming from 123 lands. From left Ted B. Rogers of Riverside, Frank Schmidt of the India congregation, and Earl Wheeler of the Cathedral City congregation.

KATHRYN HYAMS, daughter of Mr. and Mrs. David J. Hyams, 650 Compadre Road, meets with former classmates and a new graduate of the Watchtower Bible School of Gilead. The meeting took place among 170,000 delegates from 120 countries at the international assembly of Jehovah's Witnesses in New York, July 27 to Aug. 3 when the new class graduated. Left to right, Mr. and Mrs. Paul G. Scott, missionaries from Nicaragua; Cornelius W. Teunis, graduating student from Holland; Sarah L. Simcox, missionary from Puerto Rico; and Miss Hyams, missionary from Argentina.

300 Delegates From County Attend New York Meeting

Divine law must govern the family circle before the social problems of any community can be solved, program speakers told an international delegation of Jehovah's Witnesses assembled in convention at Yankee Stadium and the Polo Grounds, New York City, July 27 through August 3.

According to Earl Wheeler, presiding minister of the local congregation, 300 delegates from five Riverside County congregations are returning from the eight-day event.

HE SAID THAT the effects of the ministerial training program outlined will be "shared by every community on earth" as the more than 150,000 delegates seriously apply the Bible principles learned to their own congregations in 120 different lands, bridging racial and national barriers with the forces of love and unity.

Featured was the graduation of the 31st class of the Watchtower Bible School of Gilead, missionary school of the organization. The program was filled with lectures and reports by delegates from many of the 254 missionary centers and 84 branch offices.

Mildred Potter Returns Here

Mildred Potter, who has been active in the real estate business here for many years, has returned to Palm Springs and has established offices at 238 East Palm Canyon Drive, it was announced today.

For the past year she has had offices in Palm Desert. She has joined the Palm Springs Real Estate Board, the Multiple Listing Division, and the state and national boards, she said.

Men Vs. Women

LONDON —(UPI)— "Nagging wives and crotchety mothers-in-law" have drawn the ire of a British psychiatrist. In coming to the defense of males Dr. Desmond Curran told a medical congress recently that such women can cause a man to fall apart faster than an unpleasant job—or almost anything else.

Parking Meters Become Big Business In Palm Springs

With local pressure on the present parking problem in Palm Springs, councilmen and residents are taking a close look at parking meter receipts and output, and register a note of concern over the slight decrease in receipts last year over those of a year ago.

Although parking receipts are down, the City of Palm Springs added 20 meters the past year in back of the Oasis Hotel and increased the number in town.

A TOTAL OF 646 parking meters are now in operation in Palm Springs and are under the care of Bill Lish, parking meter supervisor.

The greatest number of parking meters ever has been kept in operation this summer, numbering some 313, and the balance are undergoing complete rebuilding and cleaning. The greatest number of meters are nickel ones, with Lish listing a total of 41 penny meters and 20 penny-nickel-dime meters. The latter are in the municipal parking lot at the Oasis Building.

PALM SPRINGS has approximately \$64,600 invested in parking meters in this community, and this figure would include purchase, maintenance, improvement and upkeep.

Lish reported at the fiscal year's end that "very few slugs were put into local meters this year, but if they are they do not work but just jam the meter. Our biggest trouble the past year has been hundreds of calls on which we have found bent coins in the meters. These jam the meters and usually result in having to dismantle the entire unit to clear it."

"ONE OF THE WORST things that happens to the meters," added Lish, "is that some people put gum on a coin and then put it in, apparently hoping to cause the mechanism to jam up in a 'non-violation,' but this will not work; it does jam the machine though and during the hot weather the gum melts and runs through the entire mechanism."

Meter maintenance during the past year has risen to such a great load that it is no longer a "summertime job" and demands year-round maintenance of the units.

THIS FACT IS reflected in the report of Shelby Langford, city finance director, who said that the income for parking meters during the 1957-58 fiscal year totaled \$37,930 for a total income during the past nine years (since the first meters were installed) of \$224,576.34.

Of these totals, the City of Palm Springs paid out \$1,297.58 for new meters in the Oasis parking lot, expended \$5,394 in salaries, \$706.64 to wrap coins; \$963.25 for repairs and parts; and \$104.78 for miscellaneous.

THE TOTAL EXPENDITURES for the past year were less by \$3,000 for a total of \$7,168, than the lowest amount expended in any year of the past nine.

The balance in the parking fund at the end of the 1957-58 fiscal year totaled \$92,402.02. The parking fund also contains all monies that have been collected by the city in in-lieu payments, which at the year's end totaled \$11,000.
